

**Policy Committee Meeting
February 27, 2017
District Office Conference Room – 4:00PM**

Committee Members Present: Michael Rullo, Michelle Noyes, Stephanie Quick, Michael Rhodes

Superintendent Rullo suggests that we look at prioritizing our policy review by exposure areas. He also shared that there are policy services available, such as the NYSSBA Policy Service, but these can be very costly. Committee members did not feel that we should pursue a policy service at this time.

Mrs. Quick suggests we set an order of priority of policies that may create a liability for us and address those first. We can also look at other neighboring district policies - starting with those that we set as priorities.

Mr. Rullo feels we should begin with the special education policies and come up with recommendations to amend, repeal, or keep a policy as it stands, if it remains appropriate.

Committee members discussed several policies that need to be amended that contain faculty/staff names or are no longer valid include:

- #1212-includes PTA which no longer exists
- #1100-includes District Treasurer as Records Officer which is incorrect
- #4316-ADA Grievance Procedures-lists Joseph Busch as Superintendent
- #1251-Maintenance of Public order is now superseded by the code of conduct & safety plan

Committee to review the special education policies for next meeting

Meeting adjourned at 5:04PM.

Next meeting: March 29, 2017 @ 4:00pm
