

Harpursville Central School

Transportation for Students in Foster Care

The Every Student Succeeds Act of 2015 (ESSA) requires school districts to work with child welfare agencies to ensure the educational stability of children in foster care. In New York State, the child welfare agency is the local department of social services (LDSS) or, at the state level, the Office of Child and Family Services (OCFS).

The Harpursville Central School promotes the educational stability of students in foster care by working with students, their designated caregivers, and local departments of social services (LDSS) to determine the educational placement that is in the best interest of the student, and by providing transportation and other services consistent with applicable laws and regulations.

Transportation Plans:

1. The Harpursville Central School will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the Harpursville Central School District's obligations under the federal Fostering Connections Act.
2. The Harpursville Central School recognizes that the LDSS may have access to federal funds to support the student's school stability plan, including transportation costs. Therefore, when there are additional costs incurred by the Harpursville Central School to provide transportation to the school of origin, the Harpursville Central School will first seek to have the LDSS agree to provide that transportation through a separate contract or by reimbursing the Harpursville Central School. The Harpursville Central School will also consider sharing the additional cost with the LDSS or absorbing the full amount of the additional cost.
