

Kelley, Dattoria lead the Harpurville Class of 2019 into the future

The Harpurville Central School District is pleased to announce the valedictorian and salutatorian of the Class of 2019. We offer them our congratulations and sincerest wishes for continued success.

Valedictorian

Abigail Kelley

My name is Abigail Kelley and I am the valedictorian of the Class of 2019.

Throughout high school, academics have been extremely important to me. I have taken 17 college classes and I will be graduating with around 55 college credits. I have been a member of numerous clubs at Harpurville High School.

I have been involved in Student Council since seventh grade, and have been the treasurer for two years. I have also been a member of National Honor Society and French Honor Society since junior year. Throughout high school, I have played field hockey, softball, and participated in track. In the fall, I will attend Binghamton University and major in neuroscience. I will also participate in the Freshman Research Immersion Program, which is a highly selective research program at BU.

I would like to thank the numerous teachers and faculty members who have helped me along the way. Without them, I would not be in this position or nearly as successful as I am today. I would also like to thank my family and friends for their endless support of me and my goals. Whenever I was in doubt of myself, they were there to pick me up and encourage me to keep going. Ultimately, I am extremely grateful for the supportive people I have in my life and I would not be the person I am without them.

Salutatorian

Christopher Dattoria

My name is Chris Dattoria and I'm the salutatorian of the graduating Class of 2019. I have earned this rank by maintaining an overall GPA of 99.8% while also being the president of my class, a member of Student Council, National Honor Society, French Club, Yorkers, Yearbook, Interact, and Biology Club through-

out my high school career. I have been a member of the varsity baseball team since 7th grade and play baseball year-round as well. Following graduation, I plan to attend SUNY Broome Community College to study liberal arts and play baseball.

I would like to thank my family, friends, and coaches for all their love and support throughout the years as this accomplishment is just as much theirs as it is mine. I would also like to thank anyone else who has helped me obtain my goals and continue to push me down a successful path.

Last, I would like to thank all the HCS faculty and support staff for all their hard work and dedication to the school. The opportunities presented at Harpurville are second to none and I'm fortunate to have had the experience in which I did. Thank you.

A message from the superintendent

Dear residents,

It's hard to believe that this is the last newsletter of the 2018-2019 school year. It is remarkable how fast the time goes by and I'm sure there's no one more aware of that than those in our senior class and their parents.

We are excited to culminate the school year with the upcoming graduation of the Class of 2019, but before we do that, we must be sure to pause and enjoy the many celebratory events of June that always provide us with the opportunity to reflect on the success of our school year and look toward the future for all of our students. Surely, we have a great deal to be proud of and there is lots of excitement to be captured at this time of the year.

Speaking of excitement and pride, one does not have to look any further than our varsity baseball and varsity softball teams this spring. The baseball team, skippered by coach Tom Ryder, earned the 2019 MAC championship. This was the team's first championship in quite some time, and one that was well-earned by the team. Congratulations to the boys, their coach and their parents on an outstanding championship season.

Similarly, our varsity softball team had an awesome run this season and earned a spot in the MAC championship and Section IV, Class C championship games. The softball girls, led by first-year coach Demetra Hall, provided a ton of excitement for our school community this spring. The show of support for the girls at the sectional championship at the BAGSAL

complex was awesome. Again, congratulations to the girls, their coach and their parents on a highly competitive season, and thanks to everyone who came out to support our teams this spring.

I do want to take a moment to thank residents for their overwhelming support of the 2019-2020 school budget and the establishment of a new capital reserve, both of which passed with an approval rating of about 80%. The board of education, administration and community members who participated in the budget development process worked diligently through the past several months to develop a responsible budget that maintained a focus on our students and ensured that they have the educational opportunities they deserve. The community's support of this effort and recognition of the district's needs are sincerely appreciated. We pledge to continue to be good stewards of the district's resources while ensuring our students are provided an outstanding education. Thank you!

I'd also like to take a moment to congratulate Russ Weist on being re-elected to the board of education and Michael Bennett on being elected as a first-time board member. The role of a board member is critical to the work that we do in the school district and the immense amount of time, energy and commitment required of one in volunteering

Michael Rullo, superintendent

"Our district has so much to be thankful for and so much to be proud of"

for this role is commendable. When considering all of the fiscal, legal, compliance, political and educational challenges faced by schools today, one can appreciate the complexity of maintaining a global perspective while ensuring that each and every child is taken care of. Our board consistently demonstrates the ability to do these things and to do them well.

Last, I wish to thank Stephanie Quick for her service as a board member over the past several years and a huge thank you to our entire board for its work this school year.

As always, our school community has much to be proud of and we will be sure to honor our students for their work and achievement with a variety of end-of-year celebrations. Consistent with tradition, and before the close of the school year, we will have had the opportunity to: enjoy several awards assemblies to recognize the achievement and community service of our students; hear the talent of our instrumental bands and choruses; induct students into the National Junior Honor Society, National Honor Society, National Art Honor Society, and French Honor Society; graduate our pre-K students to kindergarten, our 6th graders to the Jr. high school, our 8th graders to the Sr. high school, and our Class of 2019 to life after high school. It's refreshing to think about all of the good work and amazing experiences our students

have had to accomplish these things. I've said it before, but it's worth repeating: our district has so much to be thankful for and so much to be proud of when we think about the multitude of educational opportunities enjoyed by our students. I hope you will have the chance to celebrate with us.

I wish each of you an outstanding end to this school year and a safe summer filled with fun, family and friends. To each of our graduating seniors, the Class of 2019, we wish you all the best in your future endeavors and we look forward to hearing about all of your accomplishments. We are so proud of the outstanding young men and women you've become and we can't wait to celebrate your graduation with you on June 29. We also look forward to seeing our returning students next school year. Don't forget, next September is just around the corner.

Yours in education,

Michael J. Rullo
Superintendent of Schools

Dear Harpursville community,

Summer is so close! Our students are really excited about summer; they are already making all kinds of plans such as going on vacation, riding bikes, meeting up with friends and swimming. Of course, we want all of our students to have lots of fun this summer **and** we want them to continue to learn and grow as readers, thinkers and problem solvers. Children can lose some of what they've learned during the school year if they don't continue to engage in learning activities over the summer. Some research studies have found that students can lose up to two months of reading growth and almost three years of math learning over the summer when they aren't reading and using their 'math brain' regularly. We have been working on many ways to provide summer activities for our students and families so that all of our Harpursville students have lots of opportunities to have tons of fun and learn at the same time.

- Nineveh Library Summer Reading Program
 - <http://libraries.4cls.org/nineveh/>
- Olmsted Elementary School library will be open one night a week the last three weeks in July and the first three weeks in August for families to come in and listen to and read stories, check out books to take home and also have some great treats.
 - Look for the schedule to come out in June. A calendar will come home and will also be available on the front page of the HCS website.
- Summer Program at Olmsted Elementary School is available Monday through Thursday from July 8-August 1. Registration forms are online on the HCS website and in the elementary school main office.
- Summer Reading Camp will be available at Olmsted Elementary School Monday through Thursday from July 8-22. Qualifying students will receive letters from their teachers early in June.
- Create your own family book club. Choose the book you want to read and make time to do that each night.

Enjoy your summer!

Below are quick reference codes (QRCs) for two articles with lots of information and ideas to help your student stay tuned in to math and reading. Use the QRC reader on your phone and you will be able to read the articles from there. The articles will also be available at our main offices and on our website.

Pam Horton,
director of instruction

“Why is Summer Reading so Important for Kids?”

Learning history helps students connect with local community

By Kim Rusnak, social studies teacher

Colesville History students have been busy making connections to their local community and families as they learn about their area's history.

They have had the opportunity to work with Pat Dalpiaz on their family's genealogy using online sources to aid in the task. They have also been treated

to guest speakers from the community: Amedeo Cimini, on Unitaria and the archaeological dig on his property, and Val LaClair and Irene Yalch, on the hamlets of the Town of Colesville.

We have started to explore some of the local cemeteries to visit the final resting sites of town notables. Some of the

students even helped out at the Eastern Broome Senior Center's "Susquehanna Trail" tour.

All of these experiences have allowed students to make greater connections to our community while increasing their pride in the past.

Dear W.A. Olmsted families,

As stated in last month's edition of "Hornets News," each newsletter will contain information about social-emotional learning. Included for this month is a summary list of social and emotional learning: strategies for parents as listed from the website Edutopia, (<https://www.edutopia.org/social-emotional-learning-parent-resources>)

According to this source, there are many ways parents can encourage emotionally intelligent behavior in their children:

- Be a good listener.
- Model the behavior you seek.
- Nurture your child's self-esteem.
- Respect differences.
- Take advantage of support services.

Jim DiMaria,
elementary principal

If you have any questions or concerns regarding social emotional learning, please contact the elementary school office at 693-8115 or our community schools coordinator, Stephanie Davy, at 693-1602.

On a different note, as part of the "Kids Health Challenge" on May 28, the American Heart Association presented W.A. Olmsted Elementary School with a recess pack consisting of various activity-based items, including soccer balls, footballs, jump ropes, baseball equipment and much more. After the recess pack was presented to one our PE

classes, the students immediately began to enjoy using the new equipment. We are sure this equipment will be put to good use over the next few weeks and into our summer program.

THOSE GOOD OL' FLAPPER DAYS

Once again, United States History and Government students dressed up as flappers, members of the Mafia and sports icons to celebrate the annual "Flapper Day."

Highlights of the day included flying paper airplanes to mark Charles Lindbergh's trans-Atlantic flight and playing

"Hot Bootleg Hooch." The students followed teacher Kim Rusnak's lead and danced the Charleston. Some of the teachers dressed up as well, including Mrs. Giblin, Stephanie Gilfillan, and Leslie Whaley. It was a great way to make the 1920s come to life!

Hornets take 2019 baseball championship - fourth in district history

By Tom Ryder, baseball coach

The Hornets entered the MAC playoffs as the fourth seed. Since 2011, the top four teams in the league make the playoffs. The Hornets became the first team to ever win from the fourth spot. In order to achieve the championship, the Hornets first had to defeat number one seed and reigning state champion Deposit/Hancock (15-1). They were able to leave the Eagles absolutely stunned as the Hornets won 12-4 thanks to fantastic pitching from Matt Lyon, who pitched six and a third innings, striking out

seven, and James Grausgruber, who came in to slam the door with three hits and four RBI's.

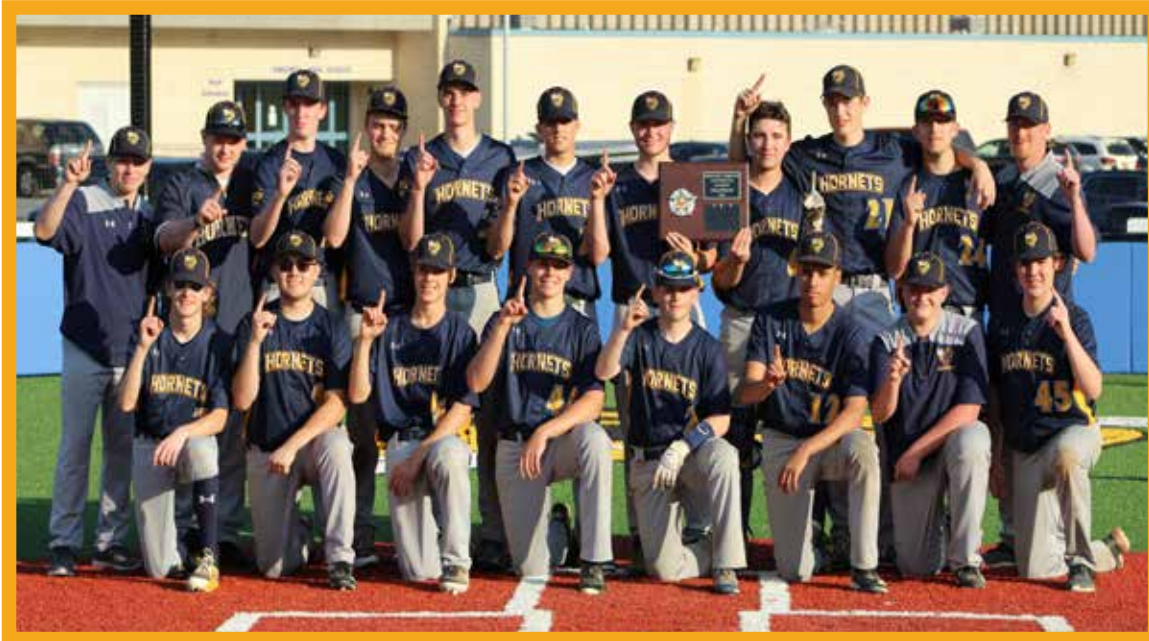

After the semi-finals, the Hornets entered the championship game against Sidney. The Hornets never trailed and took the victory 4-2 to win the MAC championship.

The Hornets got things moving in the second inning when Matt Lyon drew a walk with the bases-loaded, scoring Justin Fleming, followed by an RBI single by Kyle Rooker that scored Eric Wilkinson. The final run in the third was scored by Shane Hoover off a sacrifice fly by Riley Livermore. The final run for the Hornets was scored in the third when Justin Fleming's hard-hit ball was misplayed by the third baseman, allowing Chris Dattoria to score.

James Grausgruber was absolutely lights out on the mound and earned the win for the

Hornets. He allowed three hits and two runs over seven innings, striking out 13 and walking zero. James struck out nine of the last 11 batters of the game, slamming the door on Sidney's hopes and dreams.

Some background: This is the second Mac championship in Harpursville baseball history and fourth league

2019

championship overall. The Hornets, coached by Joe Shattan, won the **Susquenago League Championship in 1955**, which was the first championship in the school's history. The next championship came in **1962**, when

2010

the Hornets won the Pioneer League Championship under coach Stub Smith. The next championship

1955

First Row: D. Hurlburt; L. Groover. Second Row: J. Dyer; J. Eates; D. Hoyt; C. Biefeldt; D. Pratt; T. Rogers. Third Row: Mr. Shattan; E. Daniels; R. Oliver; R. Terry; D. Valashinas; B. Benedict.

came in **2010**, when the Russ Ives coached Hornets defeated Unatego to capture their **first Mid State Athletic Conference Championship**. Adding to that impressive list, the 2019 Hornets earn the Mid State Athletic Conference

1962

Varsity Baseball

1st Row - J. Vincent, P. Strawn, C. Villecco, D. Rowe, D. Hoyt, N. Taylor. 2nd Row - D. Youngs, B. Walling, C. Truesdell, Coach Smith, K. McIntosh, N. Pelton, J. Parmelee.

Championship by defeating Sidney under coach by Tom Ryder.

Great job, guys, you are a true team and will forever be the 2019 MAC champions!

Harpursville golfer excels at Sectionals

By Patrick Kelly, golf coach

Congratulations to Logan Culver for his performance at the Section IV Individual Golf Sectional competition.

Logan was one of only 32 players in all of Section IV to qualify for this prestigious event by averaging an impressive 5.25 strokes over par on the season.

Competing in this event has been a goal for Logan for the last couple of years and he has worked tirelessly to achieve it. While shooting a total of 101, Logan had many highlights on the day, including a birdie on hole 13 as well as a very difficult chip shot over a group of trees that landed gently onto the green.

He certainly made Harpursville very proud and we look forward to another successful season come the fall.

Annual trip to the big apple brings out the best

By Kim Rusnak, social studies teacher

The behavior of the students in our U.S. History and Government class who attended the New York City field trip May 3 was amazing. Their interest in the scavenger hunt was exemplar as well as their willingness to try new foods on the walking tour of the Lower East Side.

As always, the stop at "Pickle Guys" was an immediate favorite of many. Next, half of the students visited a

Chinese restaurant where the brave and dexterous ate their lunch with chopsticks – or at least tried. Others ate at "best burgers ever." Most students then visited Little Italy, where they sampled cannoli and gelato, or Chinatown, where they were immersed in the unfamiliar.

We wrapped up the trip by touring the Lower East Side Tenement House

Museum, where students either acted as an immigrant family just arriving in the United States in the early 1900s or learned of the Irish immigrant's struggles and socialization of the 1860s.

Many thanks to the chaperones, district administrators and the well-behaved students for this wonderful and memorable day.

Celebrating success tops agenda at annual ‘Top 10 Luncheon’

Recognizing the best of the best with a delicious meal and some special words is the essence of the Top 10 Luncheon.

The annual get-together provides a relaxing forum for students and administrators to celebrate past accomplishments while focusing on the promising futures these students have earned.

Congratulations to all.

Pictured (l-r): Front - Sarah Peterson, Christopher Dattoria, Annamarie Goosley, Abigail Kelley, Krysteena Race, Kris Conrow (high school principal), John Dattoria (board member). **Back** -Clifford Crouch (state assemblyman), Karen Slesinsky (senior guidance counselor), Allen Buyck (Broome-Tioga BOCES district superintendent), Kailee Tyler, Maryjane Kappauf, Morgan Fleming, Hunter Sakowisky, Amy Livermore-Kappauf (board member), Mike Rullo (Harpursville superintendent)

Play offers lessons in choosing civil disobedience

By Caroline Thomas, English teacher

On May 3, students in the Approaches to Literature and Mythology classes attended a performance of the play “Burial at Thebes” with teachers Caroline Thomas and Kara Webster.

“Burial at Thebes” is a version of Sophocles’ “Antigone” translated by Irish poet and Nobel Prize winner Seamus Heaney. The version is faithful

to Sophocles’ original story but is somewhat tighter and more modern.

The play follows the story of a woman, Antigone (daughter of Oedipus), who courageously stands up for her beliefs against her uncle Creon, the king. For a story originating around 440 B.C., it is surprisingly relevant to our society today as individuals weigh the decisions

of others (peers, politicians, etc.) against their own moral compass.

The Binghamton University production cast was made up of college students, with the exception of one child actor from the community (a fan favorite of the HCS students). The sets and costumes also were designed and made by BU students. The director, Elizabeth Mozer, an associate professor at BU, has an impressive resume of acting, writing and directing.

At the conclusion of the play, students from HCS, Binghamton and Seton were fortunate to be able to stay for a 30-minute Q&A session with the actors and director. Students enjoyed this behind the scenes time getting to know the other students and their perspectives. They discussed the process of memorizing and interpreting lines, choreographing scenes, the motivation of their characters, and the requirements of the BU theatre department’s degree program.

On the way home, we all enjoyed lunch out at Moe’s and Wendy’s on Front Street.

Pictured (l-r): Front, Abigail Kelley, Aubrey Cluck, Tori Johnson. **Back**, Morgan Fleming, Maryjane Kappauf, Annamarie Goosley, Sarah Peterson, Autumn Boening, Sasha Whitney, Hunter Sakowsky

NOTICE

Harpursville Central School District has successfully completed the inspection of all schools and buildings in accordance with the Asbestos Hazard Emergency Response Act. For details, or to obtain a copy of the management plan, contact David Johnson at (607)693-8121.

Summer Food Service Program Media Release

The Harpursville CSD announces its participation in the Summer Food Service Program (SFSP). Meals will be provided to all children 18 years and under without charge. In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- (1) mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;
- (2) fax: (202) 690-7442; or
- (3) email: program.intake@usda.gov.

District offers thanks to voters for continued budget support

The Harpursville Central School District school budget was approved by resident voters 133 to 31. Voters also approved the establishment of a capital reserve fund, 127 to 34.

Additional vote results: Board of Education incumbent Russell Weist was re-elected to another term, receiving 145 votes. His new term begins July 1 and runs for five years through June 30, 2024.

Newly elected board member Michael Bennett received 122 votes. He will replace current board member Stephanie

Quick, whose term expires June 30, 2019. Bennet's first term begins July 1 and runs through June 30, 2024. Both board seats were unopposed.

Many thanks to our district voters as well as to the clerks who staffed the vote (Deborah Winsor, Elizabeth Burns, Arlene Noyes, Kimberly Quick and Darlene Noyes) for taking time out of their day to assist all of us with this important process.

We sincerely thank you for your support!

After-school program concludes with reading success

By Somer Barriger,
after-school program teacher

Our after-school AIS reading program came to an end with tremendous gains in snap word recognition and reading confidence.

We enjoyed writing our snap words on the side walk, snap word hop scotch, and writing thank you letters to people who help us in school. We worked hard, then played and together we ended our program on a wonderful note.

Have a happy and safe summer, all ...
and happy reading!

Expressions through color, imagination

*by Caitlin Giblin, French teacher,
8th grade advisor*

Express yourself through color and image!

Students learned the benefit of coloring mandalas (geometric figures combined to create pictures) in kids yoga class. Each student got to choose a different pattern/picture. They then set out to create beautiful pictures while learning to channel their energy, both positive and negative, into art. This is one example of a meditative practice that can increase feelings of calm in daily life.
