

Technology Club members shine at Tioga's annual robot competition

By Bruce Salisbury, Tech Club advisor, technology teacher

Congratulations to members of the Technology Club for their great showing at the Tioga Vex Bot competition on December 16.

Eighteen teams entered the competition this year. All five Harpursville Vex teams made it to the quarter finals. Logan Culver, Sara Williams and Tanner Hanson teamed up with Zach Pike and Justin Fargo to win 1st place and qualified for the state finals in March.

Kyle Avery and Brandon Riegel took 2nd place and also qualified for the state finals.

Matt Lyon, Connor Hoyt, and Alex Hoyt finished in third place with Derek Mann, Brennan Mann, Samantha Gillette and Dominick Cadwell finishing 4th.

The next Vex Bot competition is January 13.

Pictured: Logan Culver prepares his machine for competition

Pictured (l-r): Matthew Lyon readies his robot; Justin Fargo, Brandon Riegel and Tech Club Advisor Bruce Salisbury await the start of the competition; Sara Williams keys in commands to her robot.

Dear residents,

I hope your New Year is off to a great start and that you had a wonderful holiday season.

We certainly had lots of fun here at the school before going on break, with our classroom and school-wide celebrations and the holiday chorus and band concerts. Thank you to all who came out to support our musicians as they showcased their talents. The band and chorus programs are always a “sound” example of the outstanding work done by our students and staff.

We have so much to be proud of and many encouraging things to look forward to. With the distractions of the holidays behind us, and as we quickly close in on the second half of our school year, it’s always a great time to refocus ourselves on our work to help our district thrive. I believe we are poised to have a truly outstanding 2018 and, with that in mind, I’d like to extend my best wishes to you for a happy, healthy and productive year.

I’d also like to take a moment to highlight our upcoming vote for new buses scheduled for January 16. This vote is part of our board of education’s long-range planning process related to the replacement schedule for buses, which includes, of course, a sound financial plan for fleet replacement. As you know, updating our fleet is not only important

Michael Rullo,
superintendent

“

This school year is similar to my experience in the past in that I continue to be impressed and amazed by the outstanding efforts of our students and staff.

”

from a safety standpoint, but it also makes good financial sense when one considers maximizing trade-in values coupled with our transportation aid rate of 90 percent. With that in mind, please be sure to contact the district office if you have any questions related to the bus vote. Furthermore, I would ask that you mark your calendar to come out to vote on January 16.

On a different note, this school year is similar to my experience in the past in that I continue to be impressed and amazed by the outstanding efforts of our students and staff. As always, I sincerely appreciate the support shown by so many of our families for the work we do here in the schools, as it helps students and staff feel good about our work and motivates everyone to keep putting our best foot forward.

Again, I wish you a Happy New Year. As always, if you have any questions, please do not hesitate to contact the appropriate person here at the district. I’d like to end with a repeated New Year’s wish that each and every one of our students enjoys the success, growth and achievement that they deserve.

Yours in education,

Michael J. Rullo

Scholarship opportunities

Copies of the scholarship opportunities list are available in the guidance office, on the HCS Guidance web page, in the library and in English classes. This list is continually updated as information is received. Seniors are encouraged to come to the guidance office for details regarding scholarship application information.

Congratulations to the following students on their college acceptances:

Dakota Andersen – Tompkins Cortland Community College

Charles Huizinga – SUNY Brockport

Andrew Rucky – SUNY ESF

District communication guidelines

Frequently, parents and other community members request help in knowing the best way to communicate with the school. The chart below will serve as a helpful resource. By contacting the following people in the prescribed order, you can be assured that your questions will be answered.

Dreaming of an after-prom party at Harpursville

Parents and community members, volunteers needed

Be part of the excitement. Join the new, never before after-prom steering team. The goal is to make this an annual event: The After-Prom Party at Harpursville.

What needs to be discovered is if there is interest in the community to form a steering committee to explore and process the possibilities. Would you be willing to take on this new adventure and be part of organizing, developing and holding the first after-prom party for our students? We need you because the process requires a lot of *imagination, ingenuity, creativity, dedication, fundraising talent and excitement*.

At this time, the plan is to have the first after-prom party for the Class of 2020, but the sky's the limit. If we can organize, raise funds and develop the party sooner, we will. We need to lay a solid foundation for all post-prom parties to come. If you would like to join the team, please send your name, email, phone and contact information to:

Sandy Schnurbusch

33 Cumber Road, Harpursville, NY 13787,

Meet our new guidance counselor

Hi, everyone. My name is Kristina Irons and I am happy to be on board as the new school counselor at Harpursville Jr./Sr. High School.

I have lived in Broome County my whole life and currently reside in Windsor with my husband of 11 years. We have two daughters, Stella and Audrey, a dog, Murray, and a cat, Abby.

Kristina Irons

I have an associate degree in liberal arts from Broome Community College, a bachelor's in human development from Binghamton University, and a master's in school counseling from the University of Scranton.

My daughters are involved in a lot of activities (ice hockey, softball, soccer, gymnastics, and dance) but when I'm not busy with them I love to watch hockey and football (go, Cowboys!) and try out new local restaurants. We also enjoy spending time on our boat and fishing in the summer.

I am looking forward to getting to know the students and families in our district. You can reach me in the guidance office at 693-8108 or at kiron@s.hcs.stier.org.

Colesville Community Pantry January 2018 dates

The Colesville Community Pantry, located in the Colesville volunteer ambulance building at 28 King Road, is open to all Town of Colesville residents with proof of address, including all family members residing in the household. The mobile food truck has no restrictions and is open to anyone.

The only time the pantry is closed on its designated days is when school is closed due to inclement weather or when all after-school activities have been canceled. Then, the afternoon pantry will also be closed.

Tuesday 16 Pantry 10 a.m. - 12 p.m.
4:30 - 6:30 p.m.

Thursday 18 Mobile Food Pantry 12 - 1 p.m.

Special note: All residents must recertify their addresses and identifications for household members at the first pantry in January.

Wilson closes high school career with selection to Section IV's 'Elite 24'

Hornet's senior Josh Wilson became just the second football player in Harpursville school history to be chosen as a member of the "Elite 24" team.

At the conclusion of each high school football season, the Press & Sun Bulletin selects an all-star team from among the Section IV football players.

Josh's contributions as running back, corner back and kick returner made him a consensus choice for this prestigious group.

This honor caps off a remarkable high school

football career for one of Section IV's truly elite athletes.

Congratulations, Josh!

Way to Go!

Third-graders learn teamwork through after-school program activities

Third-graders in the after-school program have been learning teamwork and collaboration through a variety of activities.

For example, they started out working to construct the longest-ever paper chain using only a glue stick for adhesive. Each group definitely had different strategies, communicated well and worked hard.

Another fun activity was called “photo finish,” in which the students all had to cross a line at the same time. What a challenge that was for them. After a lot of tries, they were successful.

Students learn to 'Think STEAM' using teamwork, creativity, engineering skills

The fourth-grade students have been very busy working hard and having fun in "Think STEAM."

They start each project with a discussion and then develop a plan. Each group has a planning page where they write all their ideas, list the materials needed and draw a sketch of what they will build and create.

Students work together using strategies to help bring their invention or creation to life, making modifications when needed. In the process, they apply their scientific, technology, engineering, art, mathematics, and teamwork skills with each project, improving each of those skills over the course of the five-week program.

SHAPE America and the American Heart Association collaborate on the Jump Rope For Heart and Hoops For Heart programs.

Jump Rope For Heart/ Hoops For Heart is coming

Dear Parent or Guardian,

It's time for Jump Rope For Heart/Hoops For Heart! Did you know that heart disease is the No. 1 killer of all Americans, 80% of it may be preventable through lifestyle changes? Jump Rope For Heart/Hoops For Heart will teach your child the importance of heart-healthy habits – a foundation for the rest of his/her life. This service-learning program will also share with your child the inspirational stories of children who have been touched by this disease while they raise funds to help kids like them, and save and improve all lives.

Here's how it works:

- Your child has received his/her fundraising envelope. Start by setting up a personal fundraising page—easy directions are on the back of this letter.
- Ask family and friends if they'd like to donate. Not sure what to say? Your child can use the simple script on the collection envelope.
- Encourage your child to get ready to jump, shoot hoops and have fun at his or her school event!

As part of Jump Rope For Heart and Hoops For Heart, your child will choose a heart-healthy message and share lifesaving tips. There is even a parent corner with tips on keeping your children healthy at home!

Through Jump Rope For Heart and Hoops For Heart, your school can earn money for PE equipment and your child earns fun prizes that encourage him/her to keep up the good work for heart health. And that's something to jump up and down about!

Plus each time your child visits the headquarters, he or she will see badges earned and have a chance to unlock special surprises. More visits mean more chances to share messages about heart health and raise funds for the American Heart Association.

PS: Always fundraise the smart and safe way. Do not go door-to-door or ask strangers for donations. Please convert cash donations into checks payable to the American Heart Association and ask your donors if their employers match employees' contributions!
