

# Teamwork

## Get Started

Put **1** **2** **3** **4** in a bag.

## Repeat for Each Round

Choose an array of stars.

Pick a tile. Pick two tiles if your group has only two students.

Do the jobs listed below in order.

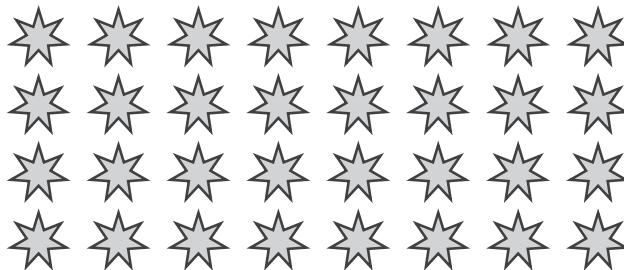

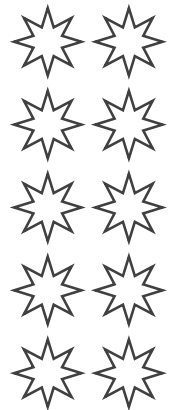

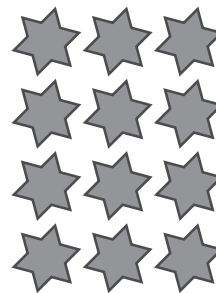

To find your job, find the number that matches the tile you chose.

**1** Fill in the blanks to describe the array. Say: \_\_\_\_\_ rows of \_\_\_\_\_ stars.

**2** Fill in the blanks for the array. Say: \_\_\_\_\_ times \_\_\_\_\_ equals \_\_\_\_\_.

**3** Turn the page sideways. Look at the array in a different way. Say: \_\_\_\_\_ rows of \_\_\_\_\_ stars.

**4** Fill in the blanks for the second array. Say: \_\_\_\_\_ times \_\_\_\_\_ equals \_\_\_\_\_.

If you have more time

What if each array had one more row?

Follow steps 1 – 4 to explain what you would see.
